

Holmstead School

PARENTAL CONSENT FOR USE OF IMAGE(S)

Throughout the year, photographs and video of students are taken during school activities by Holmstead School or under its direction. These are presented in various school-sponsored media, including but not limited to photographs/images, video productions, newspapers, television programs, brochures, handbooks, programs, and Internet and online Web pages. As you know, students benefit in numerous ways by taking part in creating media publications and by displaying their photographs/images and videos. At the same time, parents and students could feel that portraying these student photographs/images or videos could be harmful to the students in some fashion.

In order to protect the level of privacy your child and you desire, we are asking that you complete the form below and return it to **Holmstead School** indicating your choices, and that you release Holmstead School from liability. Holmstead School will **not** use your child's photograph/image or video until we receive written approval from you to do so.

Should you wish to specify a different preference for the use of your student's photograph or image in the future, another parental consent form would need to be submitted.
